

PN: 64225/64235 - Telescoping Spray Lance

REV 012015

This telescoping, adjustable height spray lance makes extended height and distance applications easy to reach up to 40 feet (12.2 meters) when using the cone nozzle provided. The lance will drastically reduce your application times and improve the safety of your employees. At only 8 lbs. (3.5 kgs.) the adjustable lance is light weight and easy to maneuver. This application lance has been designed with a coil hose on the outside, making it easier to clean or replace when needed. Using a coil type hose has eliminated the extra hose, normally lying at your feet, that is typically associated with telescoping spray lances.

FEATURES

- Quick Connect Fitting - Will easily connect to the REAL Pump Power Spraying System.
- Heavy duty chemical and crush-resistant hose
- High impact, fully adjustable plastic spray tip holder.
- Large, comfort grip spray control handle w/ Viton seals.
- Composite fiberglass, telescoping pole, available in two different lengths.

• **NEW! Style 1:** Easily Adjusts from 6 feet (1.8 meters) to 12 feet (3.6 meters)

• **ORIGINAL Style 2:** Easily Adjusts from 8 feet (2.5 meters) to 24 feet (7.3 meters)

This lance has application spray heights up to 40 feet (12.2 meters) when using cone nozzle.
