

REAL PUMP™

DUAL POWER SPRAYING SYSTEM

For over 25 years the REAL pump has been the only power spraying system designed to be tough enough to replace gas engine power sprayers and easy enough on the wallet to replace pump-up can sprayers. We have revolutionized the REAL Pump to be the only **DUAL POWER** spraying system, giving you **BOTH AC and DC POWER IN ONE SINGLE UNIT**. No matter what power source is available on your job, **ONE SPRAYER CAN DO IT ALL - REAL PUMP DUAL POWER.**

REDUCES LABOR COSTS

- No need to stop spraying, pump up or refill can sprayers
- No refueling gas engine powered sprayers
- Covers 3,600 sq. ft. in about 5 minutes at approx. 75 PSI
- Self-adjusts to the viscosity of the product being sprayed
- Circuit Breaker eliminates the need for fuses & protects the operator

REDUCES MATERIAL COSTS

- Constant pressure eliminates material waste from over spray or losing your place to stop, pump or refill can sprayers.
- Eliminate potential spills filling can sprayers
- Less Waste - self-purging feature eliminates left over product in the hose
- Pressure sensitive switch shuts off pump when you stop spraying - preventing bursting hoses, product separation or damage
